ABOUT

Final-year B.E. Computer Science student at Sethu Institute of Technology (CGPA 8.22), seeking a technical role in the IT sector using Python. Strong foundation in data structures, algorithms and object-oriented programming, with practical experience building automated data cleaning pipelines, interactive data visualization tools and an IoT early warning system.

TECHNICAL SKILLS

Languages: Python, Java

Libraries: NumPy, Pandas, Streamlit

Core CS: OOP, Data Structures & Algorithms, Exception Handling

Database: SQL, MySQL

PROJECTS

AI-Powered Business Intelligence Dashboard

2026 · Completed · Python

An automated data cleaning tool that detects data quality issues and applies smart fixes: duplicate removal, missing value handling, IQR-based outlier removal and column standardization. Supports CSV, Excel and JSON files, generates detailed cleaning reports with data quality scores, and processes data locally for security.

Live app: https://bichatbotproject-start.streamlit.app/

BI Dashboard

2026 · Completed · Python, Streamlit

An interactive Business Intelligence dashboard that centralizes data visualization, tracks key performance metrics and delivers actionable insights through a clean web interface.

Live app: https://bi-dashboard-mqclembm2j4yzsyxyed7oa.streamlit.app/

Enviropulse — Smart IoT-Based Early Warning System

2025 – Present · MSME IDEA Hackathon 5.0 · Arduino, Sensors

An IoT-based environmental monitoring and early warning system built with Arduino and sensors, submitted to the MSME IDEA Hackathon 5.0.

TRAINING & INTERNSHIPS

- **Full Stack Java Web Development Internship — Novi Tech.** 30 days covering Java, JDBC, Servlets, JSP and MySQL with hands-on project implementation.
- **Full Stack Web Development Course (Java) — Scope Tech Solutions.** 1-week offline course with practical industry exposure.

EDUCATION

B.E. Computer Science and Engineering 2023 – 2027

Sethu Institute of Technology · CGPA 8.22

HSC 2022 – 2023

Sundram Matriculation Higher Secondary School · 77%

CERTIFICATIONS

- AWS — Getting Started with DevOps in AWS
- Python Programming — Infosys Springboard
- Google AI Essentials — Google
- CRM Basics — Google Career Certificates
- Data Science Certificate — TCSiON

ACHIEVEMENTS & AWARDS

- Submitted Enviropulse to MSME IDEA Hackathon 5.0.
- NPTEL Elite + Silver in Human-Computer Interaction (user-centered design, usability engineering, UX evaluation).

CO-CURRICULAR & LEADERSHIP

- NSS: Editing Committee Member and Class Coordinator; led community service projects and district-level programs.
- Rotaract Club Member: hosted the Vigilance Program promoting community awareness and civic engagement.
- Member of ERUPTA (CSE Department Committee); volunteer in event and symposium planning.
- Attended workshops on Technology in Talent Acquisition and Advanced Web Applications using Python Flask.
- Volunteered in blood donation drives, an orphanage camp and event/discipline committees.
